

Midori & Friends

Sexual Harassment Training: Required

All Midori & Friends employees are **required** to complete the New York City Sexual Harassment Prevention Training. This online, interactive training takes 45-minutes. While you can start and pause the video at your convenience, you must complete the session in one sitting or you will need to start the entire process over.

You must complete this training before the first day of your Play to Learn residency. The training expires after a year. You will be paid one-hour at your Teaching Artist rate to complete this training. Please use Connecteam to log the training as a “non-teaching” hour.

At the end of the video, please download and save the Certificate of Completion. Please share the file to Tom Cawley, Midori & Friends’ CFO, at tcawley@midoriandfriends.org.
